

Seahorse User Meeting 2021

Date and location:

Date: October 21st, 2021, from 9:00 am

Location: Institute of Physiology CAS, Vídeňská 1083, Praha 4

HPST in cooperation with Institute of Physiology CAS would like to invite you to Seahorse User Meeting 2021, which will be focused on practical knowledge and experience with Seahorse analyzers and news in this area. The event includes interesting lectures from Seahorse users as well as a practical experiment. We believe that the purpose of such an event is to bring users together, share valuable advice, and furthermore, enjoy the presence of colleagues from the area.

For more information, please contact:

 Ing. Barbora Kobidová

 +420 739 713 601

 barbora.kobidova@hpst.cz

We are looking forward to enjoy this event together.

HPST also supports the **2nd Prague Symposium on Cancer Metabolism** organized by RNDr. Júlia Starková, Ph.D. from CLIP, Second Faculty of Medicine, Charles University and University Hospital Motol. The symposium will be held on October 20th, 2021 in facilities of the Second Faculty of Medicine, Charles University, Prague.
