

We are happy to invite you to the Seahorse application workshop, where we will focus on a metabolic analysis by Seahorse (Agilent Technologies) and its practical use.

When: 23rd of October 2024

Where: Department of Physiology, Faculty of Medicine in Hradec Kralove, Šimkova 870, 500 03 Hradec Králové

You can look forward to:

- **Hands-on experiment:** Choose the Seahorse assay that you would like to perform on 96-well format in the registration form
- **User lectures:** Useful tips and practical experiences from our Seahorse users
- **Coffee, beverages & some delicious refreshments**

Come and experience a unique opportunity to learn how Seahorse can be useful to your research and connect with colleagues in the field.

You can use your own cells in the metabolic assay, just let us know.

The workshop is free of charge.

We are looking forward to you!

Register for the workshop using our registration form [here](#). →

For the questions, please feel free to send an email to our product specialist:
